

CANTOOK STATION AT A GLANCE

Here is a quick overview of some of the features that make Cantook Station a complete ebook lending solution.

The Patron Experience	The Librarian Experience
<p>Dynamic Home Page: Displays featured lists of select titles organized by theme, either managed by librarians (such as staff picks) or automatically generated (like new acquisitions, for instance).</p> <p>Navigation/Search: Basic search, advanced search, navigation by category or genre.</p> <p>Details page: Each ebook has its own information page containing extensive metadata, cover art, options to browse or download excerpts, tools for borrowing or placing holds, and a list of related titles.</p> <p>My Account: Loan management and hold information, loan history.</p> <p>Help: Various help sections on using the platform, quick start guides for major e-reading devices, a FAQ page and an ebook primer.</p> <p>Single Sign-On (SSO) Authentication: With Cantook Station's multiple SSO options, patrons can access the platform with their current library login information.</p>	<p>Dashboards: Graphical displays of real-time statistical information about your digital collection, usage alerts, loans and holds. Data can also be exported to Excel.</p> <p>Patron and Organization Management: View the patron list and access their accounts.</p> <p>Loan management: Overview of your collection's current status and usage.</p> <p>Strategic Data: Overall usage, license tracking and structured views of acquired lending rights, detailed breakdown of loans and holds, status of loans and holds per patron.</p> <p>API (<i>Application Programming Interface</i>): Allows other applications to connect to and interact with the platform.</p> <p>Direct Access To The Cantook Station Bookstore: The integrated online digital bookstore offers librarians a diversified catalogue of French and English titles and provides a significant amount of ebooks from international publishers.</p>
